

## New Leadership For Nation Is The Only Hope For World Peace

### U. S. Sen. Martin Reviews Tragic Record of the New Deal in Foreign Affairs

(Special to the Courier)

HARRISBURG, Oct. 27 — New leadership for the nation under Eisenhower and Nixon represents the only hope for world peace, U. S. Senator Edward Martin, backed for re-election by the Republican Party, told a statewide radio audience during the past week-end.

In a blistering indictment of blunders, secrecy, softness to the Communism and "miserable failures," Senator Martin reviewed the tragic record of the New Deal in foreign affairs.

After their long years of experimenting and squandering money, he said, the Democrats today find themselves with "no foreign policy, no plan for victory, and no hope for peace." He spoke under auspices of the Republican State Committee.

Senator Martin said: "The supreme hope of every American is for a just, honorable and enduring peace."

"Can that hope be realized? "Can we look forward to the day when we will no longer live under the dark tragedy of war, and the shadow of another and more terrible World War?"

"For two long years and more, heroic American boys have been fighting and dying without hope of victory over the enemies of our Nation and the free world."

"At this very moment, on the battlefields of Korea, they are giving their precious young lives to defend the honor of the United States and the security of our homes."

"They are fighting to support a policy that has as its objective the containment of Communism, but which holds out no promise of peace, freedom or stability."

"They are fighting against a cruel and ruthless tyranny that holds 800,000,000 people in slavery. "Fifteen different free nations have fallen under the Communist drive to conquer the whole world, including the United States. One third of the earth is already under the Red Banner of Communism."

"For the first time in the history of the American Republic, we are exposed to the danger of a direct attack upon our own land."

"How did this happen? Who is responsible? What can we do now to safeguard our Nation, and whom can we trust to do it?"

"Let us turn back the pages of history to 1933 when a Democrat administration came into power. Immediately it began diplomatic negotiations with the Kremlin that ended in recognition of the Soviet Union by the United States."

"In that act the Roosevelt administration committed one of the most appalling blunders in American history. It was a costly setback to the security of the United States."

"It opened the door to an invading army of Communist spies, clothed with diplomatic immunity. It opened the way for Reds, pinks and fellow travellers to gain places of highest importance in the government."

"It gave Communist agents and traitors access to our atomic secrets and other military and industrial defense plans."

"It launched a policy of appeasement, obstruction, and evasion in the face of imminent danger to American security."

"It was the beginning of a policy that sought to buy the friendship"

### FIRE THE BUNGLERS!

Over and again, during the course of the campaign, some Truman spokesman has risen to demand sneeringly what the Republicans would do to solve the Korean deadlock and to build for world peace.

Sometimes it has been President Truman himself, and sometimes Stevenson, and sometimes Acheson, and sometimes another of the motley crew of spellbinders who are trying to soft-talk the American people into giving them another four-year franchise for frittering and experimenting and worse.

"How would you go about it? What would be the first thing you would do?" These are the questions being asked of General Eisenhower. Mr. Truman even went so far as to suggest that if the Republican nominee had any such program, he ought to turn it over to the Democrats at once.

The answer is exceedingly simple. The first step is completely obvious, and it is a pity if it has not been got across to the American people, since they are the ones who sink or swim as the effort for world peace succeeds or fails.

The first step to settling the Korean War is to fire the incompetents who led us into it.

The first step to peace on the Continent of Europe is to get rid of the blunderers who produced the tragic tangle there.

"Don't look at the past — turn your eyes to the future!" That has been the frantic themesong of the Democrats ever since the campaign began.

But how do you go about finding capable, competent, vigilant men for the future, save by scanning the record of those who have attempted things in the past, and weeding out the ones who botched the job?

History eventually will recognize that the American people have been betrayed, during the past thirteen or fourteen years, by the most appalling series of blunders which any administration of the affairs of a great and enlightened people ever committed. The Pacific maneuvers prior to World War II, down to and including Pearl Harbor, were a tragic and scandalous series of costly errors.

The War itself included several appalling blunders, as we can easily see looking back. Churchill was right about where to attack Germany—from the "soft under-belly," the Mediterranean.

## New Leadership For Nation Is The Only Hope For World Peace

### U. S. Sen. Martin Reviews Tragic Record of the New Deal In Foreign Affairs

(Special to the Courier)

HARRISBURG, Oct. 27 — New leadership for the nation under Eisenhower and Nixon represents the only hope for world peace, U. S. Senator Edward Martin, backed for re-election by the Republican Party, told a statewide radio audience during the past week-end.

In a blistering indictment of blunders, secrecy, softness to the Communism and "miserable failures," Senator Martin reviewed the tragic record of the New Deal in foreign affairs.

After their long years of experimenting and squandering money, he said, the Democrats today find themselves with "no foreign policy, no plan for victory, and no hope for peace." He spoke under auspices of the Republican State Committee. Senator Martin said:

### CASE WELL PRESENTED

Charles A. Higgins of Hercules Powder Co. was speaking no more than the provable truth when he told research personnel of the company that the federal excess profits tax is "inequitable and an impediment to the economic and business progress of the country."

When earnings of a creatively-gearred firm are taxed up to 82 per cent it is no wonder if some firms have little heart to venture into new and untried fields.

Mr. Higgins did not say that the Hercules Powder Company ever held back this way on any good new idea for a new or improved product within its ability to make. No firm wants to be quite so specific about itself. Nor has anyone suggested that Hercules has allowed its research fervor to be dampened in anyway by a discouraging tax climate.

But in simply repeating the obvious case against the ultra-high excess profits tax, Mr. Higgins was more specific than most industrialists seem to be these days in print. Too often, they seem merely to be expostulating in angry or plaintive terms. They condemn "socialism" in government—without citing any cases. In full-page advertisements they often merely inveigh, like this: "Step by step the burden of taxes grows heavier, stifling business growth and progress, undermining our capacity to create jobs... restriction follows restriction."

And so on.

Language like that can hardly offer anything for the ordinary citizen to get his teeth into. He needs facts so he can take action if he wishes, and facts are certainly available to any distraught firm or business association. Wouldn't a simple, concrete example, showing how excessive corporate taxation results in diminished creative output, be both readable and effective? Americans like realism, and facing facts, they can take constructive action.

Proposal to move the national government to the Rockies ought to be revived. That may be the only way to get it on a higher plane.

Canadian admirers gave Princess Elizabeth 500 bushels of wheat, which should solve the bread problem in the royal castle for the winter at least.

## ECHOES OF THE PAST

Lerner is listed as a sponsor of something called "Speakers on Russia," which was organized by the National Council of American Soviet Friendship. The Council is listed by the Attorney General as a Communist and subversive organization.

Lerner is a member of the Joe Weber Defense Fund. Weber was a delegate to a Communist meeting in Mexico. When he got back, the Attorney General moved to deport him to his native Yugoslavia. Lerner rallied to Weber's defense.

Lerner was chairman of a 1946 "Free Spain Rally" in Chicago, which had as its president Vito Marcantonio, the ex-Congressman from New York who is currently defending Communists before the Subversive Control Board. Along with Lerner, the Veterans of the Abraham Lincoln Brigade, the National Negro Congress, the American Slav Congress, the Joint Anti-

Fascist Refugee Committee and the Independent Voters of Illinois were active in the "Free Spain Rally."

The American Slav Congress was cited in 1947 as subversive, by the Attorney General of the U. S.

The National Negro Congress was cited by the Attorney General as being in the tight clutches of the Communists since its inception in 1936.

This is only part of Lerner's record, but it is all in the files of the House Committee on Un-American Activities and in the Attorney General's office, Department of Justice, Washington, D. C. More about this later, since it is time now to tie up this playmate of pro-Communists with the Governor of Illinois. I quote from one of Lerner's newspapers from a story relating how Stevenson trotted to Lerner's hotel suite the minute he got through accepting the Democratic Party nomination for the Presidency.

Lerner is a resident of Chicago who holds a cozy spot in the affections of the Illinois governor. He is, among other things, the publisher of a string of neighborhood newspapers in and around Chicago. This is fortunate, since I can use his own publications to explain Lerner and his connection with Stevenson.

Lerner is a kind of Communist-front gadfly who always shows up in Chicago whenever the left-wingers get together for a good cry over the way the liberals are suffering around the world. He also masterminds the Illinois branch of Americans for Democratic Action, which is called the Independent Voters of Illinois. Both the parent ADA and the stepchild, "IVI," display distaste for anything that can be used to control Communists at home and abroad. They have a current crush on the Chinese Communist government, and want it admitted into the United Nations, where I am sure it would feel at home.

Lerner helped Stevenson to get the Democratic nomination in Chicago. I have Stevenson's own word for this, and Lerner is busy taking bows over his accomplishment. So when anyone tells you that Stevenson denies a fondness for the Communist-fronters, hand them a copy of what you're going to read here.

Lerner, in 1947, was midwest sponsor for the Spanish refugee appeal of the Joint Anti-Fascist Refugee Committee, which was cited as early as 1944 as a Communist front. It was again cited in 1947, the year Lerner was active in the organization, as both Communist-controlled and subversive by the Attorney General of the United States.

## CASE WELL PRESENTED

Charles A. Higgins of Hercules Powder Co. was speaking no more than the provable truth when he told research personnel of the company that the federal excess profits tax is "inequitable and an impediment to the economic and business progress of the country." When earnings of a creatively-gearred firm are taxed up to 82 per cent it is no wonder if some firms have little heart to venture into new and untried fields.

Mr. Higgins did not say that the Hercules Powder Company ever held back this way on any good new idea for a new or improved product within its ability to make. No firm wants to be quite so specific about itself. Nor has anyone suggested that Hercules has allowed its research fervor to be dampened in anyway by a discouraging tax climate.

But in simply repeating the obvious case against the ultra-high excess profits tax, Mr. Higgins was more specific than most industrialists seem to be these days in print. Too often, they seem merely to be expostulating in angry or plaintive terms. They condemn "socialism" in government—without citing any cases. In full-page advertisements they often merely inveigh, like this: "Step by step the burden of taxes grows heavier, stifling business growth and progress, undermining our capacity to create jobs... restriction follows restriction." And so on.

Language like that can hardly offer anything for the ordinary citizen to get his teeth into. He needs facts so he can take action if he wishes, and facts are certainly available to any distraught firm or business association. Wouldn't a simple, concrete example, showing how excessive corporate taxation results in diminished creative output, be both readable and effective? Americans like realism, and facing facts, they can take constructive action.

Proposal to move the national government to the Rockies ought to be revived. That may be the only way to get it on a higher plane.

Canadian admirers gave Princess Elizabeth 500 bushels of wheat, which should solve the bread problem in the royal castle for the winter at least.

## "WASHINGTON REPORT"

By FULTON LEWIS, JR.

(Copyright, 1952, King Features Syndicate, Inc.)

Lerner is a resident of Chicago who holds a cozy spot in the affections of the Illinois governor.

It is not unlikely that you will hear the name of Leo Lerner mentioned when Senator Joseph R. McCarthy reviews the record tonight of Gov. Adlai Stevenson, Democratic nominee for the Presidency.

Lerner is a resident of Chicago who holds a cozy spot in the affections of the Illinois governor. He is, among other things, the publisher of a string of neighborhood newspapers in and around Chicago. This is fortunate, since I can use his own publications to explain Lerner and his connection with Stevenson.

Lerner is a kind of Communist-front ruddy who always shows up in Chicago whenever the left-wingers get together for a good cry over the way the liberals are suffering around the world. He also masterminds the Illinois branch of Americans for Democratic Action, which is called the Independent Voters of Illinois. Both the parent ADA and the stepchild, "IVI," display distaste for anything that can be used to control Communists at home and abroad. They have a current crusade on the Chinese Communist government, and want it admitted into the United Nations, where I am sure it would feel at home.

Lerner helped Stevenson to get the Democratic nomination in Chicago. I have Stevenson's own word for this, and Lerner is busy taking bows over his accomplishment. So when anyone tells you that Stevenson denies a fondness for the Communist-fronters, hand them a copy of what you're going to read here.

Lerner, in 1947, was midwest sponsor for the Spanish refugee appeal of the Joint Anti-Fascist Refugee Committee, which was cited as early as 1944 as a Communist front. It was again cited in 1947, the year Lerner was active in the organization, as both Communist-controlled and subversive by the Attorney General of the United States.

Lerner is listed as a sponsor of something called "Speakers on Russia," which was organized by the National Council of American Soviet Friendship. The Council is listed by the Attorney General as a Communist and subversive organization.

Lerner is a member of the Joe Weber Defense Fund. Weber was a delegate to a Communist meeting in Mexico. When he got back, the Attorney General moved to deport him to his native Yugoslavia. Lerner rallied to Weber's defense.

Lerner was chairman of a 1946 "Free Spain Rally" in Chicago, which had as its president Vito Marcantonio, the ex-Congressman from New York who is currently defending Communists before the Subversive Control Board. Along with Lerner, the Veterans of the Abraham Lincoln Brigade, the National Negro Congress, the American Slav Congress, the Joint Anti-

Fascist Refugee Committee and the Independent Voters of Illinois were active in the "Free Spain Rally," by the Attorney General of the U. S.

The National Negro Congress was cited by the Attorney General as being in the tight clutches of the Communists since its inception in 1935.

This is only part of Lerner's record, but it is all in the files of the House Committee on Un-American Activities and in the Attorney General's office, Department of Justice, Washington, D. C. More about this later, since it is time now to tie up this playmate of pro-Communists with the Governor of Illinois. I quote from one of Lerner's newspapers from a story relating how Stevenson trotted to Lerner's hotel suite the minute he got through accepting the Democratic Party nomination for the Presidency.

"Gov. Stevenson strode into 1506A and grasped the hand of Leo A. Lerner, Chicago publisher, who is co-chairman of the National Committee, Stevenson for President."

"You're the one who got me into this," said the Governor smilingly."

Stevenson stayed for some chit-chat with Lerner, who got coy and told the Governor that it was his committee "and hundreds of volunteers who worked day and night in this headquarters" that got the nomination for the governor.

Later, Lerner's newspaper story relates, "there was a twinkle in the governor's eye when he said he had paid his respects to Lerner and his aides and to rebuke them for doing a non-professional job in such a highly professional manner."

Stevenson posed for pictures with Lerner, Walter Johnson, co-chairman of the Committee, and Congressman Sidney R. Yates of the 9th District in Chicago. Yates also is a great pal of the Independent Voters of Illinois and an indignant viewer of the activities of the House Committee on Un-American Activities.

Lerner, of course, would be in line for a juicy patronage plum if Stevenson is elected. The governor says his political debts. And by his own words he owes Lerner a large one.

These things were done secretly.

No Republican was there. No Republican was consulted or even told about them. The American people were not told about them.

"But Alger Hiss was at Yalta, advising President Roosevelt."

Alger Hiss, the friend upon whom Dean Acheson said he would not turn his back.

"The prison doors have closed on Alger Hiss. But the heroic dead and wounded on the battlefields of Korea are still paying a tragic price for the treasonable conspiracy that sabotaged American power for peace in the world."

"That was no 'red herring' as Harry Truman would have you believe. It was a shattering blow to freedom and the progress of civilization from which the world may never recover."

"How far and how wide the influence of Communism shaped the Truman-Acheson policy in the Far East will never be known until a Republican administration digs into the State Department and uncovers its unholy record."

"No Democrat administration will ever expose the penetration of Communist sympathizers into high places in our government."

"As long as it could the Truman administration stubbornly resisted every effort by Congressional Committees to protect the National security against Communist treachery within the government."

"An iron curtain of secrecy was placed around the official records. The President refused to open the files where information about subversive activity had been pieced together."

"Meanwhile the State Department experts continued the blundering policy in China. The called the Chinese Communist only agrarian reformers. They failed to recognize the iron hand of Moscow directing a drive for enslavement of the Chinese people. They waited for the 'dust to settle' and when it did China, and its 45 million people, was lost to the free world."

"Then came the abandonment of Korea. President Truman withdrew our troops. He refused to arm and supply the South Koreans so they could defend themselves. Dean Acheson announced to the world that Korea and Formosa were excluded from the American line of defense."

"That was on January 12, 1950. It was followed by repeated warnings that the Communists were preparing to launch armed aggression across the 38th parallel. Such information poured into the White House and the State Department."

"But these warnings were ignored. On June 1, 1950 President Truman told the American people that 'we are closer to peace than at any time in the last five years.'"

"Yet when the attack came, only three weeks later, the Truman administration called it a 'surprise Communist invasion' which called for 'police action' in support of the United Nations."

"Just the other day the latest Korean casualty figures were announced. They brought the total to more than 121,000 killed, wounded and missing."

"Those casualties are a flaming indictment of the Truman-Acheson policy which plunged us into a tread-mill war without hope of victory."

"On September 1, in a speech at Grand Rapids, Michigan, Governor Stevenson endorsed that policy of weakness and appeasement."

"He said: 'I want to say, clearly and unmistakably, that I believe the essential direction of our foreign policy is right.'"

"In the face of all their miserable failures the Democrat platform on which Governor Stevenson is running has this to say:

"Peace and security can be safeguarded if America does not levitate from the practical and successful policies developed under Democrat leadership since the close of World War II."

"President Truman had seven years to lead the world to peace.

He failed. The practical and successful policies that the Democrat leadership brag about have failed to safeguard peace and security."

"The truth is Mr. Truman and his State Department had no foreign policy, no plan for victory no hope for peace."

"Their policy of containment has not removed the threat of more Koreans at any place chosen by Joe Stalin. It offers only a black, hopeless future for the millions enslaved behind the Iron Curtain. To them it means the end of the United States as the beacon light of liberation."

"What does it mean to the boys who are fighting in Korea? What does it mean to our boys who are reaching the draft age?"

"What does it mean to their mothers and fathers, the young husbands and wives whose homes are being broken up?"

"Does a future of indefinite, inconclusive war offer them anything to look forward to? Does it provide any inspiration for our young people?"

"No, my fellow Pennsylvanians, death and destruction in the hell-fire of war is the only prospect offered by Democrat incompetence and blundering."

"The happiness of hundreds of thousands of homes should not be marred by draft calls and casualty lists."

"One thing is certain. 'We must have new leadership. We must have the strongest leadership the nation can provide. We must have leadership capable of facing the grave perils of the day, with moral courage and patriotic understanding.'

"We must have leadership that will not be handicapped by the shabby failures of the past. We must have leadership that is not committed to policies formulated by administrators that were blind to the real nature of an enemy that knows no truth, no honor and no God."

"Therefore I ask you — I ask the fathers and mothers of our young men — do you think the future of our boys — the future of our country should be entrusted to those who have led us into this time of peril and disaster?"

"I ask you to keep the hopes and aspirations of your sons in mind when you go to the polling place on November 4th."

"I ask you to decide whether the Democrats now in power can restore peace."

"General Eisenhower knows at first hand the horrors and heartbreak, the death and destruction of war. And I assure you that no one has a more burning desire for peace than those of us who have endured the hardships of war."

"In the name of your sons and the youth of America I ask you to support Dwight Eisenhower in his fight for peace and National honor."

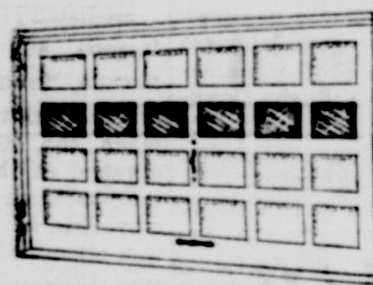

"In outlining the program he will carry out to win the peace, General Eisenhower said:

"The first step toward winning a peace that we can trust to endure, is to establish in Washington an administration that we ourselves can trust."

"I ask you to place your trust in Ike Eisenhower and Dick Nixon. I ask you to vote Republican on November 4th."

ean, where we would be beside the Russians, and not separated from them by the Continent. Stalin himself was not the trustworthy partner which Harry Hopkins led President Roosevelt to believe him to be. The slow-down imposed on Patton and the over-confidence which led to the Battle of the Bulge are mistakes which reveal the incompetence of the strategists in the White House who were calling the signals.

Since the war the errors have multiplied—Yalta, and Potsdam, and most recently Acheson's miserable bungling of the Korean situation.

What is more clear than the fact that if the American people want to put an end to this horrid parade of bloody misguidance, the way to start doing so is to fire the whole kit and kaboodle of New Deal strategists out of the national government.

And the way to start is to vote Straight Republican at the election November 4. Simply mark your ballot thus!

## Is Your Child Failing To Make Normal Growth and Weight Gains Because Of An Inadequate Diet?

Surveys disclose 1 out of 2 children fail to get the recommended amounts of food-energy to make normal weight and growth gains!

# In Just 7 Days Start Your Child Growing Again With Wonder Bread!

The Bread That Helps Build Strong Bodies 8 Ways!

Note How Wonder Bread Compares With Meat, Milk, Fish and Eggs—See Chart

Children go for Wonder Bread because it's Doubly Fresh!

An average boy of 10 should gain about 6 pounds in one year. Which is at the rate of 1 1/2 pound per month; or less than 2 ounces each week. But any time your child fails to gain puts her or him that far behind.

Why Lack of Food-Energy Causes Weight and Growth Loss

Carbohydrate and fat supply food-energy. Protein supplies the "building blocks" of growth. Now Nature cannot use carbohydrate

and fat alone for growth, but it can use protein for energy.

Thus, when your child fails to get enough carbohydrate and fat food-energy, Nature uses the protein for food-energy instead of growth.

The result: Your child's growth is stunted.

Wonder Bread Helps Start Your Child Growing Again In Only 7 Days

A well-balanced diet calls for meat, milk, eggs, fruit and both yellow and green-leaved vegetables. And carbohydrate food for energy. Like Wonder Bread.

Because not only does Wonder Bread supply food-energy but protein. Study the chart and see how Wonder Bread helps build bigger and stronger bodies 8 ways.

So get your child on a good diet and at least 8 slices of Wonder Bread a day. In 7 days or less—your child will start growing again.

Measure your child in the doorway. Make a pencil mark now. Then in 3 months and 6 months—watch the mark shoot up!

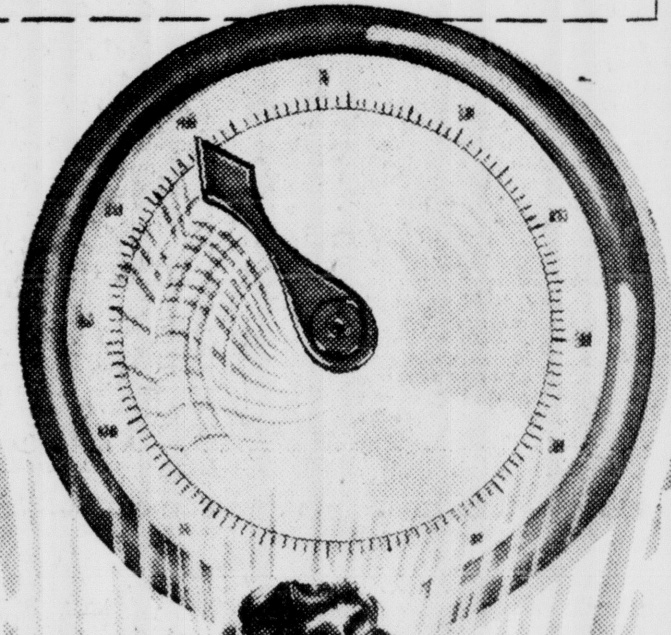

### Get Wonder Bread Today

Wonder Bread is a wonderful food. Because it helps build strong bodies 8 ways.

And Wonder Bread has a wonderful flavor. Because it is doubly fresh—fresh when you buy it and fresh when you eat it.

ean, where we would be beside the Russians, and not separated from them by the Continent. Stalin himself was not the trustworthy partner which Harry Hopkins led President Roosevelt to believe him to be. The slow-down imposed on Patton and the over-confidence which led to the Battle of the Bulge are mistakes which reveal the incompetence of the strategists in the White House who were calling the signals.

Since the war the errors have multiplied—Yalta, and Potsdam, and most recently Acheson's miserable bungling of the Korean situation.

What is more clear than the fact that if the American people want to put an end to this horrid parade of bloody misguidance, the way to start doing so is to fire the whole kit and kaboodle of New Deal strategists out of the national government.

And the way to start is to vote Straight Republican at the election November 4. Simply mark your ballot thus!

## Is Your Child Failing To Make Normal Growth and Weight Gains Because Of An Inadequate Diet?

Surveys disclose 1 out of 2 children fail to get the recommended amounts of food-energy to make normal weight and growth gains!

# In Just 7 Days Start Your Child Growing Again With Wonder Bread!

The Bread That Helps Build Strong Bodies 8 Ways!

Note How Wonder Bread Compares With Meat, Milk, Fish and Eggs—See Chart

Children go for Wonder Bread because it's Doubly Fresh!

An average boy of 10 should gain about 6 pounds in one year.

Which is at the rate of 1 1/2 pound per month; or less than 2 ounces each week. But any time your child fails to gain puts her or him that far behind.

Why Lack of Food-Energy Causes Weight and Growth Loss

Carbohydrate and fat supply food-energy. Protein supplies the "building blocks" of growth. Now Nature cannot use carbohydrate

and fat alone for growth, but it can use protein for energy.

Thus, when your child fails to get enough carbohydrate and fat food-energy, Nature uses the protein for food-energy instead of growth.

The result: Your child's growth is stunted.

Wonder Bread Helps Start Your Child Growing Again in Only 7 Days

A well-balanced diet calls for meat, milk, eggs, fruit and both yellow and green-leaved vegetables. And carbohydrate food for energy. Like Wonder Bread.

Because not only does Wonder Bread supply food-energy but protein. Study the chart and see how Wonder Bread helps build bigger and stronger bodies 8 ways.

So get your child on a good diet and at least 8 slices of Wonder Bread a day. In 7 days or less—your child will start growing again.

Measure your child in the doorway. Make a pencil mark now. Then in 3 months and 6 months—watch the mark shoot up!

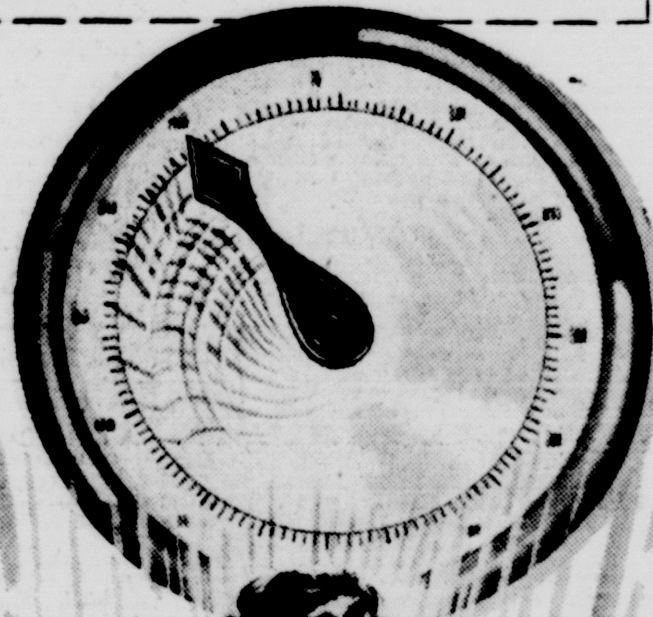

## Get Wonder Bread Today

Wonder Bread is a wonderful food. Because it helps build strong bodies 8 ways.

And Wonder Bread has a wonderful flavor. Because it is doubly fresh—fresh when you buy it and fresh when you eat it.

Get Wonder Bread fresh from your grocer today. And—start your child growing again.

## RECIPES

## APRICOT PIE

2 cups sifted enriched flour  
1 teaspoon salt  
1/2 cup lard  
4 to 6 tablespoons water

Add salt to flour. Cut in lard until particles are about the size of dried peas. Add cold water, a little at a

time, mixing quickly and evenly through flour with a fork until dough just holds in a ball. Use as little water as possible. Chill before rolling. Roll 1/2 the dough to about 1/4 inch in thickness and line 9-inch pie pan, allowing 1/2 inch of the pie crust to extend over the edge. Add filling. Roll out remaining pastry and cut in 1-inch strips to make lattice top. Crimp edges. Bake in a hot oven (400 degrees F.) for 20 minutes.

## Apricot Filling

1 pound dried apricots  
(3 cups)  
3 cups water  
1/2 cup sugar  
1/4 teaspoon salt  
4 tablespoons enriched flour  
1 tablespoon butter or margarine

Cook apricots in water until tender; drain. Combine sugar, salt, flour and one cup liquid from apricots; cook until thick and clear. Fold in apricots and butter. Cool.

## TEMPTING RANGE-TOP

## MEAT CASSEROLE

Add meat to Spanish rice and you

have a main dish that's flavor filled. The meat in this case is ground beef, providing an excellent way of getting 6 to 8 servings from one pound of meat.

For this combination, suggested by home economist Reba Stagg, brown a pound of ground meat in lard or drippings. When brown, add a cup each of diced onion, diced green pepper and diced celery. To this add 1/2 cup of rice and 2 1/2 cups of tomatoes, 2 teaspoons salt and 1/4 teaspoon pepper. Simmer until the rice is tender. This will take only about 30 minutes and the main dish is ready to serve.

Your menu might also include parsleyed potatoes, lettuce salad, hot rolls, a fruit dessert and beverage.

## BEEF-POTATO BURGERS

1 1/2 pounds ground beef  
2 cups medium grated unpeeled potatoes  
2 tablespoons grated onion  
1 1/2 teaspoons salt  
1/4 teaspoon pepper

Combine all ingredients and mix well. Shape into 6 or 8 patties.

ceremony in iridescent green taffeta dress and black accessories. Mrs. Elker, mother of the bridegroom, wore an aqua-toned costume. Both had corsages of yellow roses.

## RECIPES

## APRICOT PIE

## Pastry Recipe

2 cups sifted enriched flour  
1 teaspoon salt  
1/2 cup lard  
4 to 6 tablespoons water

Add salt to flour. Cut in lard until particles are about the size of dried peas. Add cold water, a little at a

time, mixing quickly and evenly through flour with a fork until dough just holds in a ball. Use as little water as possible. Chill before rolling. Roll 1/2 the dough to about 1/4 inch in thickness and line 9-inch pie pan, allowing 1/2 inch of the pie crust to extend over the edge. Add filling. Roll out remaining pastry and cut in 1-inch strips to make lattice top. Crimp edges. Bake in a hot oven (400 degrees F.) for 20 minutes.

## Apricot Filling

1 pound dried apricots (3 cups)  
3 cups water  
1/2 cup sugar  
1/4 teaspoon salt  
4 tablespoons enriched flour  
1 tablespoon butter or margarine

Cook apricots in water until tender; drain. Combine sugar, salt, flour and one cup liquid from apricots; cook until thick and clear. Fold in apricots and butter. Cool.

## TEMPTING RANGE-TOP

## MEAT CASSEROLE

Add meat to Spanish rice and you

have a main dish that's flavor filled. The meat in this case is ground beef, providing an excellent way of getting 6 to 8 servings from one pound of meat.

For this combination, suggested by home economist Reba Staggs, brown a pound of ground meat in lard or drippings. When brown, add a cup each of diced onion, diced green pepper and diced celery. To this add 1/2 cup of rice and 2 1/2 cups of tomatoes. 2 teaspoons salt and 1/4 teaspoon pepper. Simmer until the rice is tender. This will take only about 30 minutes and the main dish is ready to serve. Your menu might also include parsleyed potatoes, lettuce salad, hot rolls, a fruit dessert and beverage.

## BEEF-POTATO BURGERS

1 1/2 pounds ground beef  
2 cups medium grated unpeeled potatoes  
2 tablespoons grated onion  
1 1/2 teaspoons salt  
1/4 teaspoon pepper

Combine all ingredients and mix well. Shape into 6 or 8 patties.

## WHY I'M VOTING FOR IKE

MRS. JENNIE CULP

518 Leverington Avenue

Philadelphia, Pa.

"I'm voting for Eisenhower because we have to remain strong spiritually. He was raised in a family of God-fearing people who respected the virtues which have made America great. He doesn't like this situation we have in America today and wants to do something about it. I feel that he can bring an end to this Korean war and will clean up the mess in Washington. I have faith in Eisenhower."

## HOLLYWOOD BEAUTY HINTS

HOLLYWOOD—(INS)—Here is a varied assortment of grooming-tips which you may find especially pertinent to your beautification during the next several months:

If you feel an irresistible urge for a change of hair color coming on, be sure to at least consider the "champagne blonde" shade. This will be the most popular "arrived at" hair shade of the coming season, and it has the advantage of being easier to maintain than some of the more gleaming tints.

Any coming of cold weather and cold winds makes it a good idea to start supplying extra protection to your skin with night cream and complexion lotion. Creams and lotions will give extra softening results if they are applied directly after you have taken a hot bath or shower, while the skin is warm and its pores are open.

With really color-fast lipstick being as richly abundant in lanolin as it now is, your lips can be protected from cold and wind by lipstick application alone. For a cold and windy outdoors, apply the lipstick just a trifle more heavily than you usually do.

For snow sport activities, try using a stick of cream-form make-up, applied only a little more liberally than usual. This creamy make-up will prevent the skin from roughening. Apply it extra-heavily around the eyes. Surplus is easily wiped away when you come in out of the snow.

## SMOKED SHOULDER BUTT—LIMA BEANS

2 to 3 pound smoked shoulder butt  
1 pound dried lima beans

Cover beans with water and soak over night. Add more water to cover beans, cover and simmer for 30 minutes. Add shoulder butt and water just to cover. Cover and simmer 2 hours or until meat is tender and beans are done, 6 to 8 servings.

## Smooth Gravy

You'll have no more lumps when thickening gravy when you do this. Add the flour to water in a jar. Shake it well, then add to the meat drippings.

## NEWS OF THE LEVITTOWN COMMUNITY

### Veteran and Wife Pleased With Home

T S Arthur C. Buck and Wife Moved To Levittown From Long Island

By Staff Reporter

LEVITTOWN, Oct. 27 — Tech. Sgt. Arthur C. Buck, of the Air Force, and his wife, Christine, are very much pleased with their home at 33 Lavender lane. In fact they came here from Levittown, Long Island, when Sgt. Buck was assigned to Phila. because they enjoyed their three years' stay in the sister development. But Mrs. Buck thinks her mother's first impression of the house might not be quite as favorable.

Mrs. Buck comes from Villeneuve-le-Roi, a French village ten miles from Paris. Her homestead is a sturdy villa, enclosed by a wall and grill constructed of large stones. "If mother should see our Levittown house, I'm afraid she'd think it would collapse," Mrs. Bucks says realizing that her mother is unfamiliar with the sturdiness of a small American house. Mrs. Buck's father, Raymond Bouffier, is an inspector for the French national telegraph company.

Sgt. Buck met Christine in 1947, when he was assigned to Orly Airfield, near Villeneuve-le-Roi. They were married in the village, and made their home in Kingston, N. Y., on coming to the States.

Sgt. Buck now works with the Air Force Reserve Officers Train-

ing Unit at the University of Pennsylvania. While off duty he attends classes at "Penn" and is working for a degree in English literature. He completed two years of college in New York state.

Mrs. Buck studied chemistry two years in France. She and her husband are both violinists and play duets. Sgt. played the violin in his high school orchestra and his wife studied music in her native land. They moved here Sept. 16.

Mrs. Buck speaks excellent English but her husband sometimes talks to her in French. Maybe 11-month-old daughter, Cecile, will grow up to be bi-lingual.

## HOLLYWOOD BEAUTY HINTS

HOLLYWOOD—(INS)—Here is a varied assortment of grooming-tips which you may find especially pertinent to your beautification during the next several months:

If you feel an irresistible urge for a change of hair color coming on, be sure to at least consider the "champagne blonde" shade. This will be the most popular "arrived at" hair shade of the coming season, and it has the advantage of being easier to maintain than some of the more gleaming tints.

Any coming of cold weather and cold winds makes it a good idea to start supplying extra protection to your skin with night cream and complexion lotion. Creams and lotions will give extra softening results if they are applied directly after you have taken a hot bath or shower, while the skin is warm and its pores are open.

With really color-fast lipstick being as richly abundant in lanolin as it now is, your lips can be protected from cold and wind by lipstick application alone. For a cold and windy outdoors, apply the lipstick just a trifle more heavily than you usually do.

For snow sport activities, try using a stick of cream-form makeup, applied only a little more liberally than usual. This creamy make-up will prevent the skin from roughening. Apply it extra-heavily around the eyes. Surplus is easily wiped away when you come in out of the snow.

## SMOKED SHOULDER BUTT—LIMA BEANS

2 to 3 pound smoked shoulder butt  
1 pound dried lima beans  
Water

Cover beans with water and soak over night. Add more water to cover beans, cover and simmer for 30 minutes. Add shoulder butt and water just to cover. Cover and simmer 2 hours or until meat is tender and beans are done. 6 to 8 servings.

Smooth Gravy  
You'll have no more lumps when thickening gravy when you do this. Add the flour to water in a jar. Shake it well, then add to the meat drippings.

### Veteran and Wife Pleased With Home

**T S Arthur C. Buck and Wife Moved To Levittown From Long Island**

By Staff Reporter

LEVITTOWN, Oct. 27 — Tech. Sgt. Arthur C. Buck, of the Air Force, and his wife, Christine, are very much pleased with their home at 38 Lavender lane. In fact they came here from Levittown, Long Island, when Sgt. Buck was assigned to Philadelphia, because they enjoyed their three years' stay in the sister development. But Mrs. Buck thinks her mother's first impression of the house might not be quite as favorable.

Mrs. Buck comes from Villeneuve-le-Roi, a French village ten miles from Paris. Her homestead is a sturdy villa, enclosed by a wall and grill constructed of large stones. "If mother should see our Levittown house, I'm afraid she'd think it would collapse," Mrs. Buck says, realizing that her mother is unfamiliar with the sturdiness of a small American house. Mrs. Buck's father, Raymond Bouffier, is an inspector for the French national telegraph company.

Sgt. Buck met Christine in 1947, when he was assigned to Orly Airfield, near Villeneuve-le-Roi. They were married in the village, and made their home in Kingston, N. Y., on coming to the States.

Sgt. Buck now works with the Air Force Reserve Officers Train-

ing Unit at the University of Pennsylvania. While off duty he attends classes at "Penn" and is working for a degree in English literature. He completed two years of college in New York state. Mrs. Buck studied chemistry two years in France. She and her husband are both violinists and play

## Bensalem Breaks Its Losing Streak And Defeats Southampton

CORNWELLS HEIGHTS, Oct. 27 — Bensalem Township High broke its losing streak of three games by winning, 19-0, over Southampton High in a Lower Bucks County League game on Hansell's field, Saturday. The triumph brought the Owls' league mark to 2 and 2. It was the fifth straight loss for the Greyhounds.

Coach Marlon VanHorn's team scored in the first, second and fourth quarters. Southampton threatened on several occasions but the forward wall of the winners could not be penetrated when their goal line was in sight.

Al Parker scored the final two touchdowns for the Bensalem team with "Jim" Welsh accounting for the other. The lone conversion point was made by Russ Struble.

Outstanding in the Southampton line was Charlie Delagol, 160-pound guard, who broke up many of the Bensalem plays and for a while it appeared as if he was playing in the Bensalem backfield.

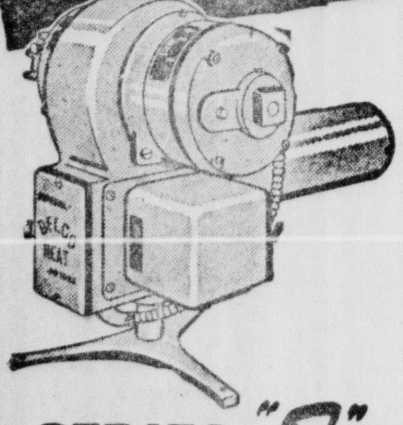

Bensalem made its first score in the initial quarter. Southampton gambled with a few yards to go for a first but missed, giving Bensalem the ball on the Greyhounds' 30. Welsh found an opening and scampered through for a 15-yard gain. Line plays carried it to the two but a 15-yard penalty put the ball on the 17. Harry Schurr made up the yardage with a pass to Bob Frantz, the latter making a leaping catch. The play put the ball on the 1-yard line from where Welsh plunged over for the score. Struble missed the extra point try.

About mid-way in the second quarter, the Owls tallied again. Bensalem drove to the Southampton 28 before losing the pigskin on downs. Jerry Brigham tried to get off a pass and was spilled for a 10-yard loss. Mann went back to kick on fourth down but the pass from center was too high and rolled to the 1-yard line with Bensalem taking over. Parker took one crack at the line to go over for the score. Struble place-kicked the extra point.

The third period was scoreless with the cold weather causing both backfields to fumble repeatedly. In the last session, the Owls capitalized on a break to again cross the final chalked stripe. A Bensalem kick went to the 14-yard line where it was fumbled and Bensalem recovered. On the first play, Parker went off tackle for the touchdown. The extra point kick by Struble was blocked.

Later in the period, Bensalem threatened again after Carl Arnold recovered a fumble on the 30 but the visitors held and started a drive of their own, featuring a long pass, Croft to Ford, which netted 25 yards.

### EASY PINEAPPLE ANGEL PIE

4 eggs, separated  
1/2 tsp. cream of tartar  
Pinch of salt  
1 1/4 cups sugar  
1/2 cup pineapple tidbits  
1/2 tsp. grated lemon peel  
2 tbsps. lemon juice  
1 cup heavy cream, whipped

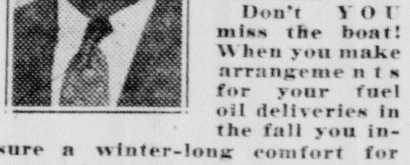

For the meringue shell beat egg whites until foamy. Sprinkle with cream of tartar and salt and beat until stiff. Add 1 cup of the sugar, 2 tbsps. at a time, and beat thoroughly after each addition. Continue beating until mixture is very glossy and will stand in peaks. Spread in a well-greased and floured 9-inch pie pan, pushing mixture high on the sides so that it resembles a pie shell. Bake in a slow oven (300 degrees F.) for 40 minutes. Remove from oven and allow to cool. For the filling beat egg yolks until thick and lemon colored and gradually beat in the remaining 1/4 cup sugar. Add pineapple tidbits, grated lemon peel and lemon juice, and cook over boiling water until mixture is thick. Cool. Fold in whipped cream and spoon into cooled meringue shell. Chill for a least four hours, or overnight, if possible. Serves 8.

## Bensalem Breaks Its Losing Streak And Defeats Southampton

CORNWELLS HEIGHTS, Oct. 27 — Bensalem Township High broke its losing streak of three games by winning, 19-0, over Southampton High in a Lower Bucks County League game on Hansell's field, Saturday. The triumph brought the Owls' league mark to 2 and 2. It was the fifth straight loss for the Greyhounds.

Captain VanHorn's team scored in the first, second and fourth quarters. Southampton threatened on several occasions but the forward wall of the winners could not be penetrated when their goal line was in sight.

Al Parker scored the final two touchdowns for the Bensalem team with "Jim" Welsh accounting for the other. The lone conversion point was made by Russ Struble.

Outstanding in the Southampton line was Charlie Delagol, 160-pound guard, who broke up many of the Bensalem plays and for a while it appeared as if he was playing in the Bensalem backfield.

Bensalem made its first score in the initial quarter. Southampton gambled with a few yards to go for a first but missed, giving Bensalem the ball on the Greyhounds' 30. Welsh found an opening and scampered through for a 15-yard gain. Line plays carried it to the two but a 15-yard penalty put the ball on the 17. Harry Schurr made up the yardage with a pass to Bob Frantz, the latter making a leaping catch. The play put the ball on the 1-yard line from where Welsh plunged over for the score. Struble missed the extra point try.

About mid-way in the second quarter, the Owls tallied again. Bensalem drove to the Southampton 28 before losing the pigskin on downs. Jerry Brigham tried to get off a pass and was spilled for a 10-yard loss. Mann went back to kick on fourth down but the pass from center was too high and rolled to the 1-yard line with Bensalem taking over. Parker took one crack at the line to go over for the score. Struble place-kicked the extra point.

The third period was scoreless with the cold weather causing both backfields to fumble repeatedly.

In the last session, the Owls capitalized on a break to again cross the final chalked stripe. A Bensalem kick went to the 14-yard line where it was fumbled and Bensalem recovered. On the first play, Parker went off tackle for the touchdown. The extra point kick by Struble was blocked.

Later in the period, Bensalem threatened again after Carl Arnold recovered a fumble on the 30 but the visitors held and started a drive of their own, featuring a long pass, Croft to Ford, which netted 25 yards.

### EASY PINEAPPLE ANGEL PIE

4 eggs, separated  
1/2 tsp. cream of tartar  
Pinch of salt  
1 1/4 cups sugar  
1/2 cup pineapple tidbits  
1/2 tsp. grated lemon peel  
2 tbsps. lemon juice  
1 cup heavy cream, whipped

For the meringue shell beat egg whites until foamy. Sprinkle with cream of tartar and salt and beat until stiff. Add 1 cup of the sugar, 2 tbsps. at a time, and beat thoroughly after each addition. Continue beating until mixture is very glossy and will stand in peaks. Spread in a well-greased and floured 9-inch pie pan, pushing mixture high on the sides so that it resembles a pie shell. Bake in a slow oven (300 degrees F.) for 40 minutes. Remove from oven and allow to cool. For the filling beat egg yolks until thick and lemon colored and gradually beat in the remaining 1/4 cup sugar. Add pineapple tidbits, grated lemon peel and lemon juice, and cook over boiling water until mixture is thick. Cool. Fold in whipped cream and spoon into cooled meringue shell. Chill for a least four hours, or overnight, if possible. Serves 8.
